# The World's Best PEONIES at Half Price!

I am compelled to vacate fifteen acres of leased ground this fall, and to do so it is necessary for me to move a large field of strong, vigorous three year old Peony plants. My farm layout will not permit further propagation of all of these Peonies, and in order to move them quickly I have decided to offer the entire lot in "*Bonnevitz Two to Three Eye Divisions*" at exactly one-half my retail prices.

These divisions need no introduction to my older customers for they are exactly the same size as those divisions upon which I built my reputation when establishing this business. This size division is featured in this list because many of my customers are asking me to again offer "*Bonnevitz Two to Three Eye Divisions*" as they have proven most satisfactory in their gardens. I am glad to again offer the world's best Peonies in this popular size for they will develop into fine Peony plants capable of producing prize winning flowers.

By obtaining more of these "satisfactory divisions" from each three year old clump I am able to offer the world's best Peonies at half price. Note the quality of the list—Baroness Schroeder 75c, Mikado \$1.25, Walter Faxon \$1.50, Solange \$1.75, Therese \$1.75, Jeannot \$3.00, Fuyajo \$3.00, Martha Bulloch \$3.75, Le Cygne \$5.00—or better yet, check up the descriptions in my catalogue, which was recently mailed you, and then you can realize what splendid values can be secured by ordering from this list.

This special offer doubles the purchasing power of your dollar in the world's best Peonies. My planting, while large, is not unlimited. An early order is the best assurance of getting your "first selections." I will not substitute on any order, but will promptly refund remittances for varieties I cannot supply.

Of course, cash should accompany each order.

**LEE R. BONNEWITZ**

# The World's Best Peonies

Remember each of these "Bonnewitz Divisions" is guaranteed to have two eyes, sometimes more but never less, and each root will have the necessary root system for successful, satisfactory growth. Each root is guaranteed to be strong and healthy, each shipment is guaranteed to reach you in good condition, and the transportation charges on all shipments will be prepaid.
